

## Higher-Lower Dice Toss Guessing Game

Players move when their guess is right on if the next toss of a pair of dice is higher or lower.

24 ←	15	14	5	4	4	5	14	15	24 →
23	16	13	6	3	3	6	13	16	23
22	17	12	7	2	2	7	12	17	22
21	18	11	8	1	1	8	11	18	21
20	19	10	9	↑	↑	9	10	19	20
<b>Higher-Lower Dice Toss</b>				Start -X- Here <b>18</b>		X		X	
20	19	10	9	↓	↓	9	10	19	20
21	18	11	8	1	1	8	11	18	21
22	17	12	7	2	2	7	12	17	22
23	16	13	6	3	3	6	13	16	23
← 24	15	14	5	4	4	5	14	15	→ 24

**How to Play Game:** With a pair of dice, 2 to 4 players with a small token (bean, button or dime) take turns tossing dice as the first player guesses if the **next dice toss multiple** is higher or lower on their turn. Decide who goes first starting with "18" and 1<sup>st</sup> player guesses if the next toss multiple is higher/lower on their turn. With a correct guess, that player moves token one space in a set of blocks towards the exit outside #24 and next player takes a turn.
